AD Hoc Committee Sites/Macon County Landfill Corp.

A Preliminary Assessment Form (USEPA Form T2070-2) has been completed for the subject site.

In discussing the site with its IEPA inspector, Monte Neinkerk, and reviewing the information received, this site is deemed a low priority. The reasons for the low priority rating are as follows:

1. The site is inspected monthly by the IEPA.
2. Water samples are taken 2 times per year by IEPA & quarterly analysis are submitted by the landfill operation in accordance with their IEPA Permit.
3. The site is permitted to take general refuse and special wastes. To date, the site has been in compliance with its permits.

The Illinois EPA is monitoring the site closely, and therefore no other action is necessary.
